

## About The Kentucky Association for Healthcare Quality (KAHQ)

Since 1988, KAHQ has been dedicated to the continual improvement of the care delivered across the state and to the support of those individuals who have chosen to become professionals in healthcare quality. KAHQ's dedicated professionals recognize that the keys to performing their highly specialized job are, 1) a comprehensive knowledge of performance improvement methodologies and ever-evolving regulatory standards, 2) timely information regarding changing trends and expectations within healthcare, and 3) access to a diverse group of other quality professionals for collaboration and support.

We are looking for support of our upcoming annual educational program to be held on Friday, September 13, 2024, at The Campbell House in Lexington, KY. This program will provide participants with six contact hours of continuing education toward the certification or recertification as a certified professional in healthcare quality (CPHQ).

**Mission** - The mission of the Kentucky Association for Healthcare Quality, Inc. is to promote the growth and development of healthcare professionals participating in performance improvement throughout the continuum of care.

**Vision** - The Kentucky Association for Healthcare Quality, Inc. will be recognized by healthcare professionals as the organization of choice in supporting members to create positive healthcare outcomes.

**Values** - Visionary Leadership, Member-driven practice, Continuous improvement, Integrity, Professional development, Partnership, and Diversity

Sincerely,

Brittany Clemons, RN, MSN, CPHQ

KAHQ President-elect
